

SPARSHOLT C OF E PRIMARY SCHOOL

OUR CORE VALUES

Our all-encompassing core values for learning and life are:

Courage

Compassion

Creativity

We believe these values embody both our Christian ethos, our learning and our curriculum. These values shape our beliefs and are central to the future development of our school and our children – socially, emotionally, physically, academically and spiritually.

To signify the inauguration of our new values, we invited every child to draw plants and flowers in the 'Dig Deep and Flourish' planter.

Our aim is that our core values will become rooted deep within our school community over the coming months and years.

Dig deep and flourish with courage, compassion and creativity
