Data Protection Act 1998: How we use pupil information

Sparsholt C of E Primary School are the data controller for the purposes of the Data Protection Act. We collect information from you about our pupils and may also receive information about them from their previous school, Hampshire County Council and/or the Department for Education (DfE). We use this personal data to:

- support our pupils' learning
- monitor and report on their progress
- provide appropriate pastoral care; and
- assess the quality of our services

This information will include their contact details, national curriculum assessment results, attendance information, any exclusion information, where they go after they leave us and personal characteristics such as their ethnic group, any special educational needs they may have as well as relevant medical information.

We will not give information about our pupils to anyone without your consent unless the law and our policies allow us to do so. If you want to receive a copy of the information about your son/daughter that we hold, please contact our School Administration Team.

We are required, by law, to pass certain information about our pupils to our local authority (LA) and the Department for Education (DfE).

We also have local arrangements in place where the school exchanges information with the feeder secondary school; school nurse; Teacher2Parents Texting Service, Netmedia Parent Evening booking service, the extended schools providers e.g after school clubs, Hampshire Music Service - peripatetic teachers and our Parent Teacher Association FoSS.

DfE may also share pupil level personal data that we supply to them, with third parties. This will only take place where legislation allows it to do so and it is in compliance with the Data Protection Act 1998.

Decisions on whether DfE releases this personal data to third parties are subject to a robust approval process and are based on a detailed assessment of who is requesting the data, the purpose for which it is required, the level and sensitivity of data requested and the arrangements in place to store and handle the data. To be granted access to pupil level data, requestors must comply with strict terms and conditions covering the confidentiality and handling of data, security arrangements and retention and use of the data.
