- Amazement
- Curiosity Contemplation
- Big questions

Spirituality is the essence of life. We believe that a Spiritual Learner is able to consider their place in the world through reflection, contemplation and inspiration. We encourage learners to always quest for further meaning. We encourage learners to develop a strong sense of values. We will offer a curriculum that enables children to have time to reflect on themselves, others, beauty and beyond.

## Spiritual Learners will:

- Be inspired to ask the big questions, some of which will not have answers, show curiosity and seek meaning in what they do and learn
- Develop a set of personal values and beliefs and seek to live their lives by them
- Be passionate about things that interest them and they care about and be proud of their achievements
- Be committed to pursuing their own dreams, hopes and ambitions
