

Dear Children, Parents and friends of Sparsholt C of E Primary School,

As you may have heard, our Prime Minister, Mr Johnson has announced that all schools in the country are to close today for quite a few weeks because of the coronavirus. This is an illness that some people will get but that most people will not get really poorly from.

This may seem quite scary but it is not something to worry about as we have lovely doctors and nurses who can look after the people in our country who become ill. It will be quite a long time until school opens again and at times it will be hard for us and

also our family and friends, but if we all keep doing our best and smile we will be helping.

Whilst the school is closed some children will have to go into school because their Mummy and Daddy have important jobs to do to keep our country running and can't do their job from home.

All of us children will do our learning at home. Each week our teachers will send us work on the VLE. They will set us lots of fun and interesting, Maths, English, Topic, Creative Activities and other lessons even PE! Our teachers will keep in touch with us as much as much as possible.

Even while we are all learning from home we need to keep to our **SCHOOL GOLDEN RULES**. Remember we all need to try our best and make our teachers, family and friends proud of us. This isn't only happening to our amazing school, but schools all over the world!

You should try to stay busy all day with your learning. Some of us in year 6 will try to work for a normal school day, but we are still looking forward to our break times, lunch breaks, playing board games, reading our favourite books and writing daily diaries too!

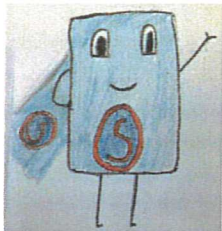

Although we are not in school, we all still belong to our wonderful Sparsholt School.

Even though we will be apart for several weeks we will still have a golden thread connecting us all as we

continue to 'Dig deep and flourish with Courage, Compassion and Creativity'. This means being really brave, thinking about how others are feeling and acting kindly to everyone especially our family - remembering to 'shine brightly like stars in the universe' until we meet again soon.

Rev'd Jax showed us how to wash our hands in Collective Worship and we have been practising in school. We need to keep on being 'SOAPER HEROES', washing our hands with soap and warm water for 20 seconds singing our favourite soaper

hero song!

We know some of you will be sad that the things that we enjoy have been cancelled, but this will just be for a few weeks to keep people safe; it will not be forever and we will be able to do the things we have missed later in the year.

We will be thinking of all our school community and look forward to being back together soon!

Prefect challenge - design your own soaper hero character

Love from the Year 6 Prefects

Sparsholt C of E Primary School
